

THE PLAYERS CUP 2024

ABOUT THE PROGRAMME

THE BIGGEST AND BEST WEEK OF THE YEAR AT POLO VALLEY.

Provoked by a need for a different kind of polo experience and designed with you in mind. Join familiar and new faces from around the world in an incredible week of polo where the player, you, are the professional.

Train intensively throughout the itinerary developing and growing your skill from an amateur polo player to a professional. Prepare to participate in a full days workshop with a “10 goal” player and a 2 day action-packed tournament.

This is not simply a polo tournament but a comprehensive training programme, culminating in a tournament of 3 teams (all played on our full sized grounds) which has been devised for players not pro’s. The pro’s take supporting roles in each team but never centre stage and cannot score. You are the game changers, the catalysts and the facilitators in each chukka and make the plays happen. So, are you ready for the next challenge?
